OSWAL
SOLAR PUMP CONTROLLER

OSWAL Solar Pump Controller (Solar Pump Inverter, SPIS)

OSWAL Solar Pump Controller (Solar Pump Inverter, SPIS) is a high quality, reliable, and efficient device that controls the operation of the solar pump. It is designed to protect the pump and the solar panels from damage and to ensure the maximum efficiency of the system.

Production Automatics shuts in case of:

- High Voltage
- Low Voltage
- Over Current
- Over Temperature
- Over Speed
- Over Load

OSWAL
SOLAR PUMP CATALOG

OSWAL Solar Pump Catalog is a comprehensive guide to the various solar pump models and their specifications. It provides detailed information on the different types of solar pumps available, including their features, benefits, and applications. The catalog is designed to help customers choose the right solar pump for their needs and to provide them with the necessary information to make an informed decision.
