At Walso Solar Solution, we are at the forefront of solar innovation, offering high-quality solar infrastructure solutions.

WHY WE ARE...

Walso Solar Solution Pvt. Ltd. is a leading manufacturer and supplier of high-quality solar pump structures, Ground Mount Structures, AC/DC Distribution Boxes, and BOS Kits. We are ISO 9001:2015 certified and have a strong track record in providing reliable and efficient solar infrastructure solutions.

Walso Solar Solution Pvt. Ltd. is a leading manufacturer and supplier of high-quality solar pump structures, Ground Mount Structures, AC/DC Distribution Boxes, and BOS Kits. We are ISO 9001:2015 certified and have a strong track record in providing reliable and efficient solar infrastructure solutions.

Balance of System (BOS) Kits

Our BOS Kits provide a complete, ready-to-install solution for solar projects, ensuring reliability from all the essential components required for a successful setup. Whether for ground pump installations or rooftop solar systems, our BOS Kits are the perfect choice.

- Technical Specifications**
- **Wiring and Connectors** - High-quality cables and connectors for secure, efficient connections.
 - **Earthing Solutions** - Comprehensive grounding components to ensure safety and performance.
 - **HDPE Pipes** - Durable and flexible for water transportation in solar water pump installations.
 - **Agricultural Sprayers** - Customized parts for seamless integration with solar-powered agricultural systems.
 - **AC/DC Distribution Boxes** - The essential and rated boxes for smooth control and distribution of electrical power.

WHO WE ARE?

Walso Solar Solution Pvt. Ltd. is a leading manufacturer and supplier of high-quality solar pump structures, Ground Mount Structures, AC/DC Distribution Boxes, and BOS Kits. We are ISO 9001:2015 certified and have a strong track record in providing reliable and efficient solar infrastructure solutions.

Oswal Pumps Limited, commenced its operations in 2003, is now recognized as one of the fastest growing company, vertically integrated solar pump manufacturers in India.

Balance of System (BOS) Kits

At WALSO, we provide complete solutions for your solar power needs. Our BOS kits are designed to be easy to install and maintain, ensuring your solar system operates efficiently and reliably.

- **String and Combiner Boxes:** Protects your solar panels from lightning, offers surge protection.
- **Mounting Hardware:** Connects your solar panels to your roof or ground.
- **DC/AC Disconnects:** Allows you to safely disconnect your solar system from the grid.
- **Wiring:** Connects your solar panels to your inverter and other components.
- **Accessories:** Includes everything you need to get your solar system up and running.

WHO WE ARE?

WALSO is a leading solar solutions provider in India, offering a wide range of products and services for residential and commercial solar power systems. Our expertise spans across solar panel installation, system design, and maintenance, ensuring our clients get the most out of their solar investments.

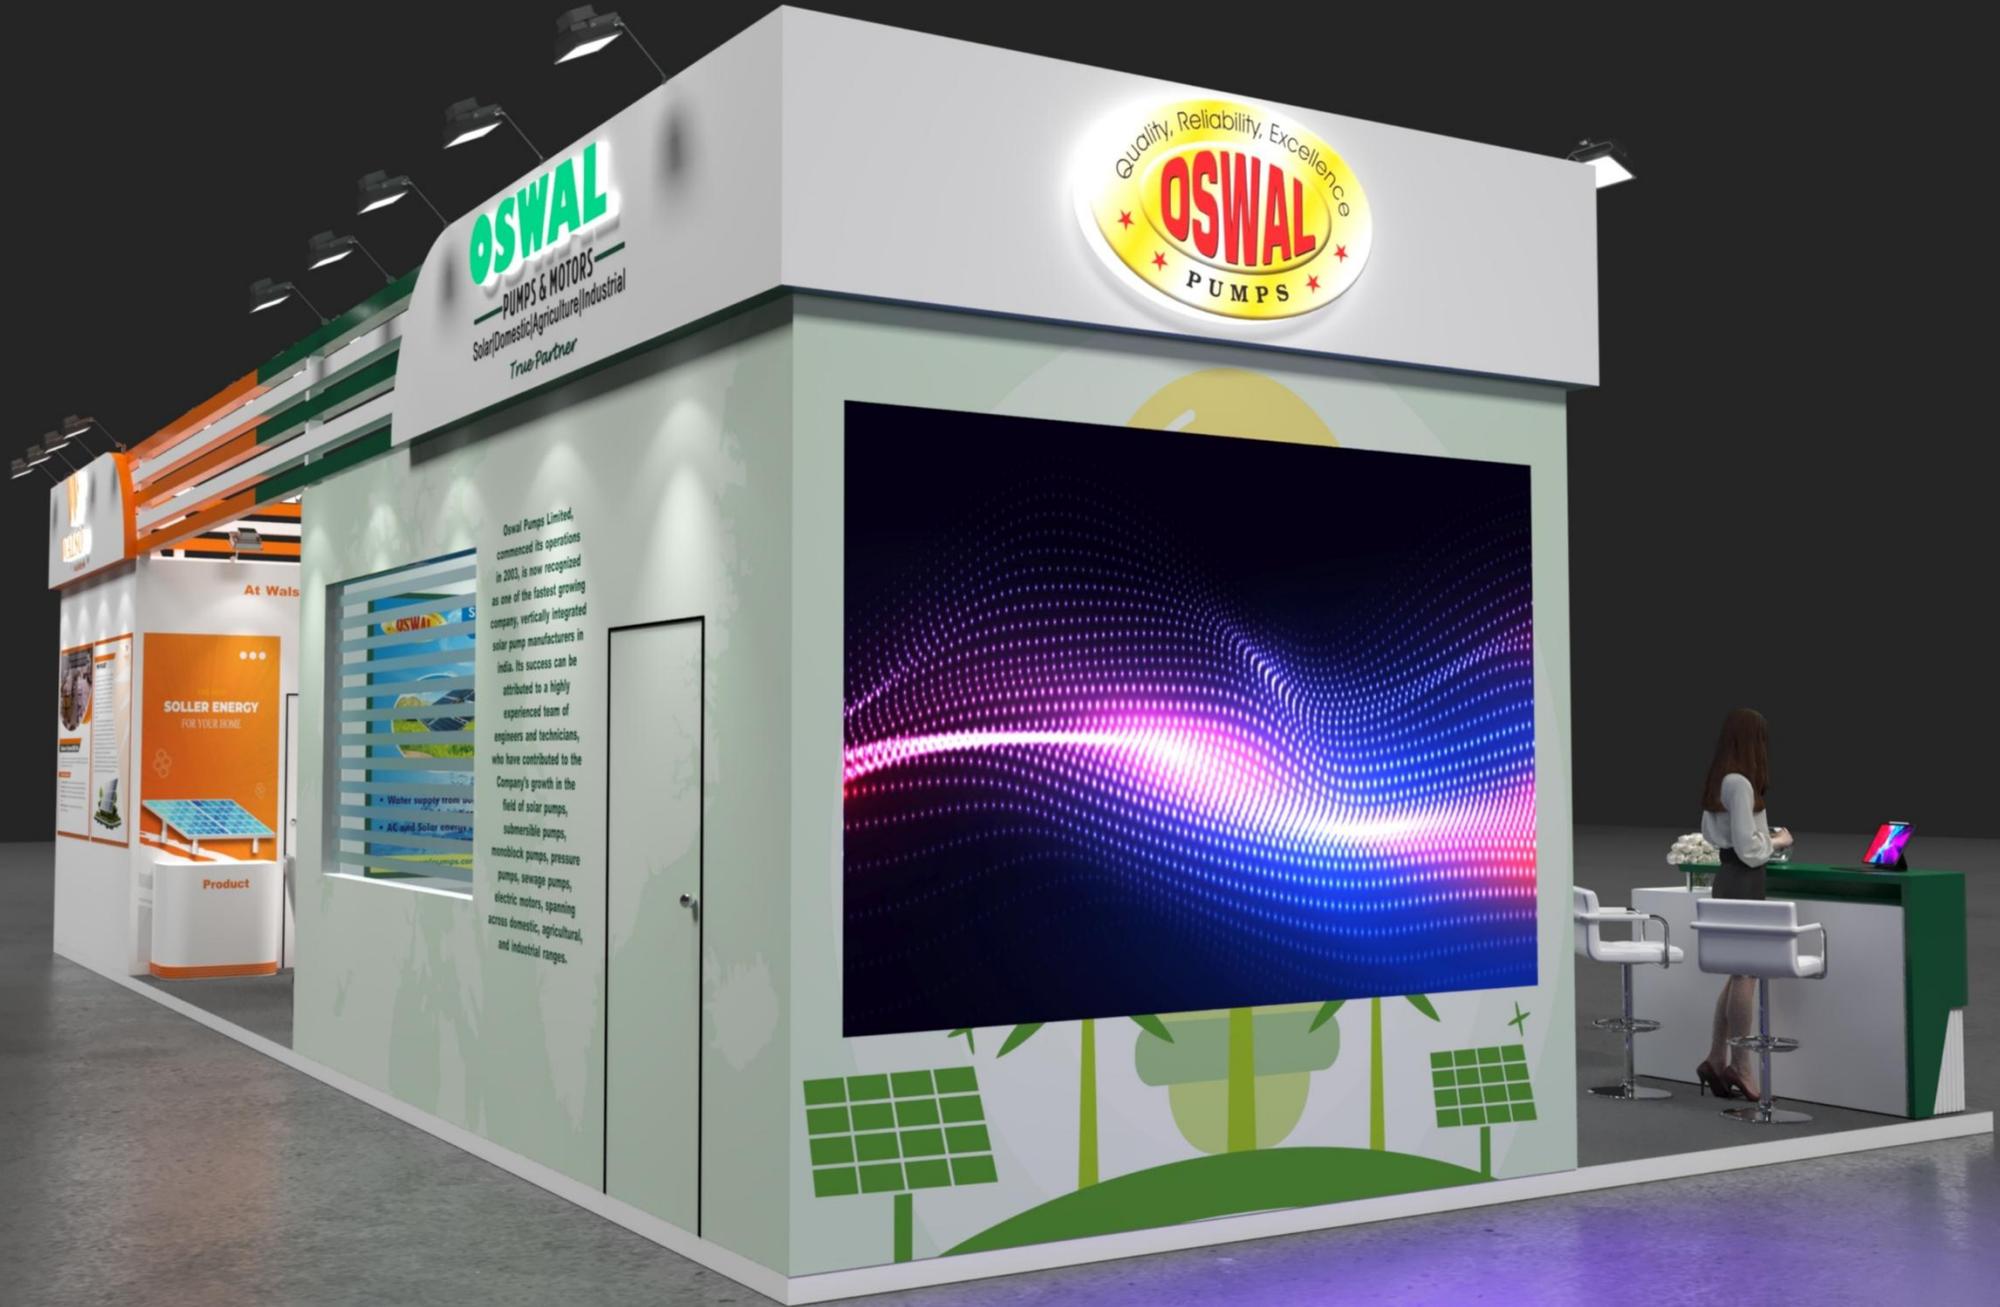

At Oswal Pumps Limited, we are committed to providing you with the best quality pumps and motors.

OSWAL PUMPS & MOTORS

True Partner

Oswal Pumps Limited, commenced its operations in 2003, is now recognized as one of the fastest growing solar pump manufacturers in India. Its success can be attributed to a highly experienced team of engineers and technicians, who have contributed to the Company's growth in the field of solar pumps, submersible pumps, monoblock pumps, pressure pumps, sewage pumps, electric motors, spanning across domestic, agricultural, and industrial ranges.

Balance of System (BOS) Kits

At Walso Solar Solution, we offer a wide range of BOS kits, including inverters, charge controllers, and solar panels, to meet your specific requirements. Our kits are designed for easy installation and long-term performance.

Technical Specifications

- High-quality components: We use only the best quality components to ensure optimal performance and durability.
- Customizable: Our BOS kits are customizable to fit your specific system size and configuration.
- Easy installation: Our kits are designed for easy installation, saving you time and money.
- Long-term performance: Our BOS kits are designed to provide reliable performance for many years.

WHO WE ARE

WALKER SOLAR is a leading manufacturer and supplier of solar panels, inverters, and other solar components. We are committed to providing high-quality, reliable products that meet the needs of our customers. Our products are designed to be easy to install and maintain, ensuring a long and productive life for your solar system.

WHO WE ARE?

Walso Solar Solution Pvt. Ltd. is a leading manufacturer and supplier of high-quality Solar pump structures, Ground mount structures, Rooftop structures, and BOS (Balance of System) kits for Kusum, Ground Mount and Rooftop Projects. Headquartered in Karnal, Haryana established in 2024, we are driven by a mission to power India's clean energy transition through reliable, cost-effective, and innovative solar solutions.

With a strong foundation in engineering excellence and a commitment to sustainability, Walso Solar Solution has become a trusted partner for solar EPC companies, government projects, and private developers across India. We take pride in being an active participant in national renewable energy programs such as the PM Kusum Yojna (Component-B and C), PM Surya Ghar Yojna contributing to the solarization of agriculture and rural electrification.

At Walso Solar Solution, we believe in long-term partnerships built on trust, performance, and innovation. Our vision is to emerge as a global leader in solar structure manufacturing and BOS solutions, supporting India's goal of a sustainable and energy-secure future.
